KORENA LEGAL TEMPLATE LIBRARY

HOW TO USE This is the one-page spec sheet that travels with each slab and sits behind its QR code. It shows the buyer what the slab is, where it came from, and which origin documents exist. Fill in the white boxes. Grey italic text is just an example of the format.

Starter template, not legal advice. A passport records evidence and provenance; it is not a certificate and does not replace invoices, transport tickets, or due diligence documents.

What this passport is

It is a buyer-facing record of this slab's measurements, condition, and origin evidence. "Reviewed" means KORENA checked the documents on file for consistency, not that an authority certified the slab. EUDR documents are provided as supporting evidence, not as a guarantee.
